

# Database Scaling Strategy

**Document ID:** ARCH-0009

**Version:** 2.0

**Author:** Lucas Martin

**Role:** Platform Engineer

**Project:** Project Orion

**Status:** Under Review

**Created Date:** 2025-10-18

The following information reflects current architectural and operational practices.

## System Components

- Primary Database
- Read Replicas
- Connection Pool
- Backup Service

## Technologies

- PostgreSQL
- Redis

## Recommendations

- Use read replicas
- Monitor slow queries
- Create indexes
- Optimize SQL queries
