

Kafka Streaming Pipeline

Document ID: ARCH-0025

Version: 1.1

Author: Daniel Taylor

Role: Tech Lead

Project: Project Nova

Status: Under Review

Created Date: 2025-01-14

This document defines enterprise standards and implementation guidance.

System Components

- Kafka Producers
- Kafka Brokers
- Consumer Groups
- Processing Service

Technologies

- Kafka
- Python
- Kubernetes

Recommendations

- Use dead letter queues
- Enable retry mechanisms
- Increase partition count
- Monitor consumer lag
