

Kafka Streaming Pipeline

Document ID: ARCH-0002

Version: 1.0

Author: Sophia Anderson

Role: Engineering Manager

Project: Project Atlas

Status: Draft

Created Date: 2025-11-16

This document defines enterprise standards and implementation guidance.

System Components

- Kafka Producers
- Kafka Brokers
- Consumer Groups
- Processing Service

Technologies

- Kafka
- Python
- Kubernetes

Recommendations

- Increase partition count
- Monitor consumer lag
- Enable retry mechanisms
- Use dead letter queues
